Signature SERIES

The Ultimate Fiberglass Frame Construction for Windows & Patio Doors

Fiberglass Strength with Gilkey Craftsmanship

High Density FIBERGLASS Sash & Frame

Ideal construction for:

DOUBLE HUNG • CASEMENT • AWNING • FIXED

• GLIDING PATIO DOORS •

GILKEY

WINDOW COMPANY

Since 1978

Gilkey's Signature Series Windows & Patio Doors are constructed of all Fiberglass. A well-engineered fiberglass window demonstrates superior strength characteristics when compared to other window materials. Fiberglass is an extremely stable material that provides a perfect base for our painted or laminated finishes ensuring unbelievable durability. Fiberglass will withstand extremes from arctic cold to blazing desert heat or even the rugged seacoast!

Signature SERIES

Casement, Awning, and Picture Windows

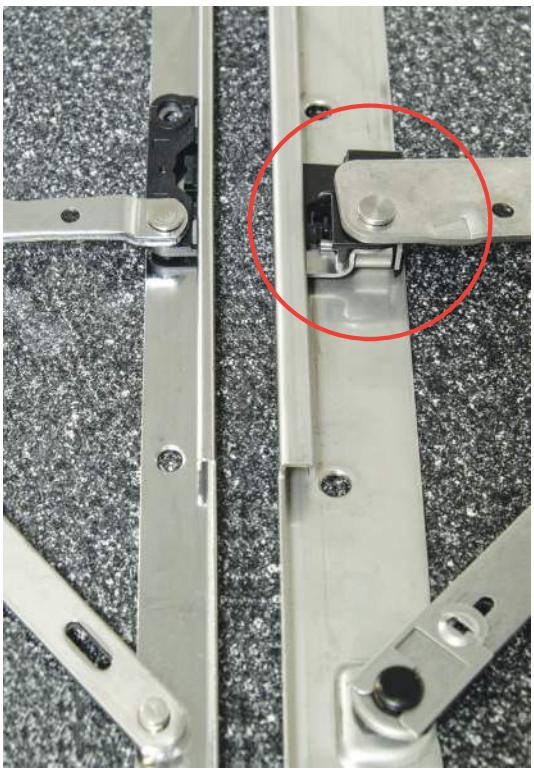
Our Signature Fiberglass system offers state-of-the-art in design and performance.

Signature SERIES

System highlights are:

- Triple seal design on the casement and awning
- Matching dedicated picture window profile
- 1” to 1-3/8” glazing pocket
- Heavy Duty Stainless Steel Roller Bearing Hinge System
- DP90 Performance Grade

Our crisp fiberglass corners have the finest fit and finish available on the market.



Designed to use the heavy duty roller bearing hinge system as compared to a grinding hinge system. This allows for easy operation and longer life of your hardware.

Competitions grinding hinge is shown on the left.

Double Hung Windows

Keeping the original aesthetic appeal and styling of the home, you now can replace your original Double Hung windows with the ultimate in technology and performance with our Signature SERIES

Gilkey Signature Series

Double Hung Windows

Replicating the look of classic architecture.

- Traditional sash lifts or plough handle for easy operation
- Optional modern slimline sash option available for that contemporary look
- Warm “matte” painted finish or high definition woodgrain

- Mortise and Tenon sash joinery (used by fine wood craftsmen from around the world for thousands of years providing strong and resilient corner)
- Tru-Slope sill provides traditional appearance

Signature SERIES

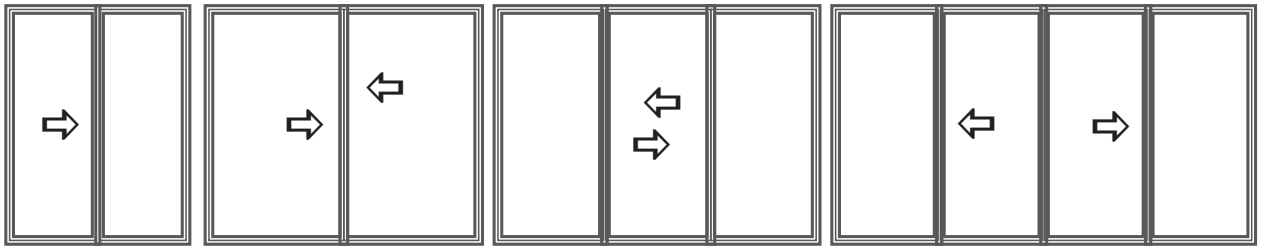
Fiberglass Patio Doors

Let's put a few words here about the significance of patio doors/.

OUR SIGNATURE SERIES PATIO DOORS ARE AVAILABLE IN MULTIPLE CONFIGURATIONS BASED ON PATIO ACCESS NEEDS

2-panel, 3-panel or 4-panel door configurations.

From 6’ to 20’ wide.



Blinds installed between the glass are protected from dust, damage, pets and inquisitive little hands.

Our stainless steel rollers are the best in the industry. No other hardware compares!

Black Nickel Euro

Satin Nickel Euro

Black

Brass Euro

White or Beige

Bronze or Nickel Contemporary

Our selection of handle type and finishes are on display in our showrooms.

Optional Multi Point Lock offers better security and a better seal than a single point.

Our headquarters & factory is located in Sharonville, Ohio. Our windows are made right here in the USA! We have showrooms located in Cincinnati, Louisville & Lexington, Kentucky plus Chicago Ridge & Palatine, Illinois. In our showrooms you'll find hands-on displays of every window we make, in actual room settings so you can see, feel and test the differences. No need to call ahead... stop on by or call to schedule a home consultation. It's window shopping the way you want it to be!
